About Chengdu

Appendix

*All activities will be subject to on-site arrangements.*
As a co-chair, it is my great honor to welcome you to the 2023 Chengdu Worldcon. Whether you’ve been coming to the Worldcon for dozens of times (and some people do have attended the Worldcon in person or virtually for over 50 times), or this is your first Worldcon (and there are thousands of people attending their first Worldcon in Chengdu), each Worldcon is always something special.

Some obvious facts make this Worldcon special. It’s the first Worldcon held in China, and only the second in Asia. It’s the first Worldcon with a Chinese Guest of Honor. And the senior staff has past Worldcon chairs and people working on the Worldcon for the first time – and we’re all working together to bring you a Worldcon featuring both Chinese and Western elements and combining the traditions of the Worldcons and Chinese characteristics.

In Chengdu, a city full of openness and inclusiveness, all the fans of different races and cultures from different countries can enjoy the historical Jinsha Site and Sanxingdui Site as well as the adorable giant pandas, finding the Chengdu atmosphere of the Worldcon.

All of you attending the 2023 Chengdu Worldcon in person or virtually will have an opportunity to experience the most varied programs the Worldcon has ever had. Most of the Worldcon participants have never been on a Worldcon program before and a number of exhibitors here haven’t exhibited at a Worldcon before. What’s more, this Worldcon gives each of you a chance to make new fan friends in person or virtually.

I’d like to take this opportunity to extend my sincere appreciation to the Organizing Committee of the 2023 Chengdu Worldcon. Thank you for your trust to appoint me as the Co-Chair, and thank you for all the efforts you have made to make this a truly innovative Worldcon. Together with Organizing Committee, I’d like to extend a warm welcome to the fans from all over the world to the 2023 Chengdu Worldcon.

Ben Yalow
Co-Chair
2023 Chengdu Worldcon
All greatness comes from a brave beginning.

All the great science fiction fans brought the World Science Fiction Convention to China for the first time.

In this journey, we are not only participants, but also creators, not only listeners, but also voice conveyors, not only accompaniers, but also guides.

At this moment, we stand at an exciting starting point, looking forward to the dawn of a symbiosis era. We will probe into things that may seem incomprehensible today, but commonplace in the future, feel the mysterious resonance of ancient cultures and modern science, explore symbiosis across species and civilizations, exchange great ideas about the future of cities, transportation, and ecology, share the latest discoveries in artificial intelligence, biotechnology, and space exploration, and search the infinite possibilities between the virtual space and real world.

At the 2023 Chengdu Worldcon, each of us is an explorer of ideas, every corner is filled with infinite possibilities, and every individual shines with his/her own brilliance. Please enjoy every moment, every discussion, and every exchange that sparks in this Worldcon, because one day, they will prove that you are the first to touch some pieces of the future.

Welcome to Chengdu, where Chinese SF has flourished and reached the world. In Chengdu, traditional ambiance and modern vibrancy meet and blend with each other, adding charm to the city at the present and in the future. With just over 10 days before the opening of the 2023 Chengdu Worldcon, we are diligently preparing to deliver an SF feast with Chengdu characteristics to the world.

Welcome to Chengdu, the host city of the 81st Worldcon and a millennium-old city with profound history, brilliant culture, and delicious cuisines, to participate in this great event, share a common dream, and make Chengdu’s name of an SF city more broadly known. Meanwhile, under the theme of “Symbiosis Era”, the global stage allows cross-border exchanges and mutual growth of SF cultures.

Chengdu Science Fiction Museum

Chengdu Science Fiction Museum, located at No. 596, Jingyuan West Road, Pidu District, Chengdu, will serve as the main venue of the 2023 Chengdu Worldcon. Inspired by nebula, the design is to express the free, extended, and borderless conceptions of the futuristic architecture taking science and SF elements as its core. In addition, the venue design incorporates the mysterious “ancient Shu eyes (gold mask)” in the nebula-shaped roof, realizing the dialogue between ancient Shu culture and modern SF culture through time, and inspire human beings to explore the universe and the unknown infinitely.

Chengdu Science Fiction Museum will offer three functional scenarios including the Hugo Hall, cultural and creative products and theme exhibition hall, and the accompany forums area. Spatially, the visitors will have unique feelings via the atrium under the “ancient Shu eyes”, the theme exhibition hall located by the lake, and the time tunnel traversing the wormhole.

To meet the accessibility needs of some visitors, the venue is equipped with wheelchair ramps, accessible parking spaces, accessible elevators, and accessible toilets.

(5) The member collect the card.

(There will be volunteers on the site to assist you for all the steps mentioned above)

CONSTITUTION
of the World Science Fiction Society,
as of September 5, 2022

Article 1 – Name, Objectives, Membership, and Organization

Section 1.1: Name. The name of this organization shall be the World Science Fiction Society, hereinafter referred to as WSFS or the Society.

Section 1.2: Objectives. WSFS is an unincorporated literary society whose functions are:
(1) To choose the recipients of the annual Hugo Awards (Science Fiction Achievement Awards).
(2) To choose the locations and Committees for the annual World Science Fiction Conventions (hereinafter referred to as Worldcons).
(3) To attend those Worldcons.
(4) To choose the locations and Committees for the occasional North American Science Fiction Conventions (hereinafter referred to as NASFiCs).
(5) To perform such other activities as may be necessary or incidental to the above purposes.
Section 1.3: Restrictions. No part of the Society’s net earnings shall be paid to its members, officers, or other private persons except in furtherance of the Society’s purposes. The Society shall not attempt to influence legislation or any political campaign for public office.

Should the Society dissolve, its assets shall be distributed by the current Worldcon Committee or the appropriate court having jurisdiction, exclusively for charitable purposes. In this section, references to the Society include the Mark Protection Committee and all other agencies of the Society but not convention bidding or operating committees.

Section 1.4: Membership. The Membership of WSFS shall consist of all people who have paid membership dues to the Committee of the current Worldcon.

Section 1.5: Memberships.
1.5.1: Each Worldcon shall offer WSFS memberships and attending supplements.
1.5.2: The rights of WSFS members of a Worldcon include the right to receive all of its generally distributed publications. WSFS memberships held by natural persons may not be transferred, except that, in case of death of a natural person holding a WSFS membership, it may be transferred to the estate of the decedent.
1.5.3: The rights of WSFS members who have an attending supplement of a Worldcon include the rights of WSFS members plus the right of general attendance at said Worldcon and at the WSFS Business Meeting held thereat.
1.5.4: Members of WSFS who cast a site-selection ballot with the required fee shall be supporting members of the selected Worldcon.
1.5.5: Voters have the right to purchase an attending supplement in the selected Worldcon within ninety (90) days of its selection, for an additional fee set by its committee. This fee must not exceed four (4) times the site-selection fee and must not exceed the price of an attending supplement for new members.
1.5.6: The Worldcon Committee shall make provision for persons to become supporting members for no more than one hundred and twenty-five percent (125%) of the site-selection fee, or such higher amount as has been approved by the Business Meeting, until a cutoff date no earlier than ninety (90) days before their Worldcon.
1.5.7: Other memberships and fees shall be at the discretion of the Worldcon Committee.
1.5.8: No convention committee shall sell a membership that includes any WSFS voting rights for less than the cost of the Supporting Membership required by Article 4 in the selection of that convention.
1.5.9: No convention committee shall sell a membership that is available to persons of the age of majority at the time of the convention (as defined by the laws of the country and other jurisdictions where the convention is being held), that allows attendance and full participation for the entire duration of the convention and that does not include all WSFS voting rights. Should no law of the country and other jurisdictions where the convention is being held define an age of majority, the convention shall consider all persons 18 years of age or older as being of age of majority.
1.5.10: No convention shall terminate the sale of supporting memberships prior to the close of site selection.

Section 1.6: Authority. Authority and responsibility for all matters concerning the Worldcon, except those reserved herein to WSFS, shall rest with the Worldcon Committee, which shall act in its own name and not in that of WSFS.

Section 1.7: The Mark Protection Committee.
1.7.1: There shall be a Mark Protection Committee of WSFS, which shall be responsible for registration and protection of the marks used by or under the authority of WSFS.
1.7.2: The Mark Protection Committee shall submit to the Business Meeting at each Worldcon a report of its activities since the previous Worldcon, including a statement of income and expense.
1.7.3: The Mark Protection Committee shall hold a meeting at each Worldcon after the end of the Business Meeting, at a time and place announced at the Business Meeting.
1.7.4: The Mark Protection Committee shall determine and elect its own officers.

Section 1.8: Membership of the Mark Protection Committee.
1.8.1: The Mark Protection Committee shall consist of:
(1) One (1) member appointed to serve at the pleasure of each future selected Worldcon Committee and each of the two (2) immediately preceding Worldcon Committees,

(2) One (1) member appointed to serve at the pleasure of each future selected NASFiC Committee and for each Committee of a NASFiC held in the previous two years, and

(3) Nine (9) members elected three (3) each year to staggered three-year terms by the Business Meeting.
1.8.2: Newly elected members take their seats, and the term of office ends for elected and appointed members whose terms expire that year, at the end of the Business Meeting.
1.8.3: If vacancies occur in elected memberships in the Committee, the remainder of the position’s term may be filled by the Business Meeting, and until then temporarily filled by the Committee.

Article 2 – Powers and Duties of Worldcon Committees

Section 2.1: Duties. Each Worldcon Committee shall, in accordance with this Constitution, provide for
(1) administering the Hugo Awards,
(2) administering any future Worldcon or NASFiC site selection required, and
(3) holding a WSFS Business Meeting.

Section 2.2: Marks. Every Worldcon and NASFiC Committee shall include a notice in each of its publications that clearly acknowledges the service marks of the Society. The Mark Protection Committee shall supply each Worldcon committee with the correct form of such notice.
Section 2.3: Official Representative. Each future selected Worldcon Committee shall designate an official representative to the Business Meeting to answer questions about their Worldcon.

Section 2.4: Distribution of Rules. The current Worldcon Committee shall publish the WSFS Constitution and Standing Rules, together with an explanation of proposed changes approved but not yet ratified. The Committee shall distribute these documents to all WSFS members at a point between two hundred seventy (270) and ninety (90) days prior to the Worldcon, and shall also distribute them on paper to all WSFS members in attendance at the Worldcon upon registration.

Section 2.5: Bid Presentations. Each Worldcon Committee shall provide a reasonable opportunity for bona fide bidding committees for the Worldcon to be selected the following year to make presentations.

Section 2.6: Incapacity of Committees. With sites being selected two (2) years in advance, there are at least two selected current or future Worldcon Committees at all times. If one of these should be unable to perform its duties, the other selected current or future Worldcon Committee shall determine what action to take, by consulting the Business Meeting or by mail poll of WSFS if there is sufficient time, or by decision of the Committee if there is not sufficient time. Where a site and Committee are chosen by a Business Meeting or Worldcon Committee pursuant to this section, they are not restricted by exclusion zone or other qualifications.

Section 2.7: Membership Pass-along. Within ninety (90) days after a Worldcon, the administering Committee shall, except where prohibited by local law, forward to the Committee of the next Worldcon its best information as to the names and contact information of all of its Worldcon members who have given permission for that data transfer and only for the purposes for which permission to use that data was given.

Section 2.8: Financial Openness. Any member of WSFS shall have the right, under reasonable conditions, to examine the financial records and books of account of the current Worldcon or NASFiC Committee, all future selected Worldcon or NASFiC Committees, the two immediately preceding Worldcon Committees, and the Committees of any NASFiCs held in the previous two years.

Section 2.9: Financial Reports.
2.9.1: Each future selected Worldcon or NASFiC Committee shall submit an annual financial report, including a statement of income and expenses, to each WSFS Business Meeting after the Committee’s selection.
2.9.2: Each Worldcon or NASFiC Committee shall submit a report on its cumulative surplus/loss at the next Business Meeting after its convention.
2.9.3: Each Worldcon or NASFiC Committee should dispose of surplus funds remaining after accounts are settled for its convention for the benefit of WSFS as a whole.
2.9.4: In the event of a surplus, the Worldcon or NASFiC Committee, or any alternative organizational entity established to oversee and disburse that surplus, shall file annual financial reports regarding the disbursement of that surplus at each year’s Business Meeting, until the surplus is totally expended or an amount equal to the original surplus has been disbursed.

2.9.5: All financial reports shall include the convention’s name, mailing address and other contact information, including the name of the person certifying and submitting the report and, if applicable, the name of the convention’s parent organization, its tax-exempt status, the location of incorporation, its address, website, email and other contact information, and the names and titles of its current officers.

Article 3 – Hugo Awards

Section 3.1: Introduction. Selection of the Hugo Awards shall be made as provided in this Article.

Section 3.2: General.
3.2.1: Unless otherwise specified, Hugo Awards are given for work in the field of science fiction or fantasy appearing for the first time during the previous calendar year.
3.2.2: A work shall not be eligible if in a prior year it received sufficient nominations to appear on the final award ballot.
3.2.3: Publication date, or cover date in the case of a dated periodical, takes precedence over copyright date.

3.2.4: Works appearing in a series are eligible as individual works, but the series as a whole is not eligible, except under Section 3.3.5. However, a work appearing in a number of parts shall be eligible for the year of the final part.
3.2.5: In the story categories (3.3.1-3.3.6), an author may withdraw a version of a work from consideration if the author feels that the version is not representative of what that author wrote.
3.2.6: The categories of Best Novel, Novella, Novelette, Short Story, and Series shall be open to works in which the text is the primary form of communication, regardless of the publication medium, including but not limited to physical print, audiobook, and ebook.
3.2.7: The Worldcon Committee shall not consider previews, promotional trailers, commercials, public service announcements, or other extraneous material when determining the length of a work. Running times of dramatic presentations shall be based on their first general release.
3.2.8: The Worldcon Committee may relocate a story into a more appropriate category if it feels that it is necessary, provided that the length of the story is within twenty percent (20%) of the new category limits.
3.2.9: No work shall appear in more than one category on the final Award ballot.
3.2.10: The Worldcon Committee may relocate a dramatic presentation work into a more appropriate category if it feels that it is necessary, provided that the length of the work is within twenty percent (20%) of the new category boundary.
3.2.11: A Professional Publication is one which meets at least one of the following two criteria:
(1) it provided at least a quarter the income of any one person or,
(2) was owned or published by any entity which provided at least a quarter the income of any of its staff and/or owner.
3.2.12: The Worldcon Committee is responsible for all matters concerning their Awards.

Section 3.3: Categories.
3.3.1: Best Novel. A science fiction or fantasy story of forty thousand (40,000) words or more.
3.3.2: Best Novella. A science fiction or fantasy story of between seventeen thousand five hundred (17,500) and forty thousand (40,000) words.
3.3.3: Best Novelette. A science fiction or fantasy story of between seven thousand five hundred (7,500) and seventeen thousand five hundred (17,500) words.
3.3.4: Best Short Story. A science fiction or fantasy story of less than seven thousand five hundred (7,500) words.
3.3.5: Best Series. A multi-installment science fiction or fantasy story, unified by elements such as plot, characters, setting, and presentation, appearing in at least three (3) installments consisting in total of at least 240,000 words by the close of the previous calendar year, at least one (1) installment of which was published in the previous calendar year, and which has not previously won under 3.3.5.

3.3.5.1: Previous losing finalists in the Best Series category shall be eligible only upon the publication of at least two (2) additional installments consisting in total of at least 240,000 words after they qualified for their last appearance on the final ballot and by the close of the previous calendar year.
3.3.6: Best Graphic Story or Comic. Any science fiction or fantasy story told in graphic form appearing for the first time in the previous calendar year.
3.3.7: Best Related Work. Any work related to the field of science fiction, fantasy, or fandom, appearing for the first time during the previous calendar year or which has been substantially modified during the previous calendar year, and which is either non-fiction or, if fictional, is noteworthy primarily for aspects other than the fictional text, and which is not eligible in any other category.
3.3.8: Best Dramatic Presentation, Long Form. Any theatrical feature or other production, with a complete running time of more than 90 minutes, in any medium of dramatized science fiction, fantasy or related subjects that has been publicly presented for the first time in its present dramatic form during the previous calendar year.
3.3.9: Best Dramatic Presentation, Short Form. Any television program or other production, with a complete running time of 90 minutes or less, in any medium of dramatized science fiction, fantasy or related subjects that has been publicly presented for the first time in its present dramatic form during the previous calendar year.
3.3.10: Best Editor Short Form. The editor of at least four (4) anthologies, collections or magazine issues (or their equivalent in other media) primarily devoted to science fiction and / or fantasy, at least one of which was published in the previous calendar year.
3.3.11: Best Editor Long Form. The editor of at least four (4) novellength works primarily devoted to science fiction and/or fantasy published in the previous calendar year that do not qualify as works under 3.3.10.

3.3.12: Best Professional Artist. An illustrator whose work has appeared in a professional publication in the field of science fiction or fantasy during the previous calendar year.

3.3.13: Best Semiprozine. Any generally available non-professional periodical publication devoted to science fiction or fantasy, or related subjects which by the close of the previous calendar year has published four (4) or more issues (or the equivalent in other media), at least one (1) of which appeared in the previous calendar year, which does not qualify as a fancast, and which in the previous calendar year met at least one (1) of the following criteria:
(1) paid its contributors and/or staff in other than copies of the publication,
(2) was generally available only for paid purchase,

3.3.14: Best Fanzine. Any generally available non-professional periodical publication devoted to science fiction, fantasy, or related subjects that by the close of the previous calendar year has published four (4) or more issues (or the equivalent in other media), at least one (1) of which appeared in the previous calendar year, that does not qualify as a semiprozine or a fancast, and that in the previous calendar year met neither of the following criteria:
(1) paid its contributors or staff monetarily in other than copies of the publication,
(2) was generally available only for paid purchase.

3.3.15: Best Fancast. Any generally available non-professional audio or video periodical devoted to science fiction, fantasy, or related subjects that by the close of the previous calendar year has released four (4) or more episodes, at least one (1) of which appeared in the previous calendar year, and that does not qualify as a dramatic presentation.

3.3.16: Best Fan Writer. Any person whose writing has appeared in semiprozines or fanzines or in generally available electronic media during the previous calendar year.

3.3.17: Best Fan Artist. An artist or cartoonist whose work has appeared through publication in semiprozines or fanzines or through other public, non-professional, display (including at a convention or conventions, posting on the internet, in online or print-on-demand shops, or in another setting not requiring a fee to see the image in full-resolution) during the previous calendar year.

3.3.18: Lodestar Award for Best Young Adult Book. The Lodestar Award for Best Young Adult Book is given for a book published for young adult readers in the field of science fiction or fantasy appearing for the first time during the previous calendar year, with such exceptions as are listed in Section 3.4.

3.3.19: Additional Category. Not more than one special category may be created by the current Worldcon Committee with nomination and voting to be the same as for the permanent categories. The Worldcon Committee is not required to create any such category; such action by a Worldcon Committee should be under exceptional circumstances only; and the special category created by one Worldcon Committee shall not be binding on following Committees. Awards created under this paragraph shall be considered to be Hugo Awards.
Section 3.4: Extended Eligibility.
3.4.1: A work originally appearing in a language other than English shall also be eligible for the year in which it is first issued in English translation.
3.4.2: Works originally published outside the United States of America and first published in the United States of America in the previous calendar year shall also be eligible for Hugo Awards.
3.4.2.1: For finalists in the Series category that have previously appeared on the ballot for Best Series, any installments published in English in a year prior to that previous appearance, regardless of country of publication, shall be considered to be part of the Series’ previous eligibility, and will not count toward the re-eligibility requirements for the current year.
3.4.3: In the event that a potential Hugo Award nominee receives extremely limited distribution in the year of its first publication or presentation, its eligibility may be extended for an additional year by a two-thirds (2/3) vote of the intervening Business Meeting of WSFS.

Section 3.5: Name and Design. The Hugo Award shall continue to be standardized on the rocket ship design of Jack McKnight and Ben Jason as refined by Peter Weston. Each Worldcon Committee may select its own choice of base design. The name (Hugo Award) and the design shall not be extended to any other award.

Section 3.6: “No Award”. At the discretion of an individual Worldcon Committee, if the lack of nominations or final votes in a specific category shows a marked lack of interest in that category on the part of the voters, the Award in that category shall be canceled for that year.

Section 3.7: Nominations.
3.7.1: The Worldcon Committee shall conduct a poll to select the finalists for the Award voting. Each member of the administering Worldcon or the immediately preceding Worldcon as of January 31 of the current calendar year shall be allowed to make up to five (5) equally weighted nominations in every category.
3.7.2: The Committee shall include with each nomination ballot a copy of Article 3 of the WSFS Constitution and any applicable extensions of eligibility under Section 3.4.
3.7.3: Nominations shall be solicited only for the Hugo Awards, the Astounding Award for Best New Writer, and the Lodestar Award for Best Young Adult Book.

Section 3.8: Tallying of Nominations.
3.8.1: Except as provided below, the final Award ballots shall list in each category the six eligible nominees receiving the most nominations as determined by the process described in Section 3.9.
3.8.2: The Worldcon Committee shall determine the eligibility of nominees and assignment to the proper category of works nominated in more than one category.
3.8.3: If any series and a subset series thereof both receive sufficient nominations to appear on the final ballot, only the version which received more nominations shall appear.
3.8.4: Any nominations for “No Award” shall be disregarded.
3.8.5: If a nominee appears on a nomination ballot more than once in any one category, only one nomination shall be counted in that category.
3.8.6: If there are more than two works in the same category that are episodes of the same dramatic presentation series or that are written works that have an author for single author works, or two or more authors for co-authored works, in common, only the two works in each category that have the most nominations shall appear on the final ballot. The Worldcon Committee shall make reasonable efforts to notify those who would have been finalists in the absence of this subsection to provide them an opportunity to withdraw. For the purpose of this exclusion, works withdrawn shall be ignored.

3.8.7: The Committee shall move a nomination on an individual ballot from another category to the work’s default category only if the member has made fewer than five (5) nominations in the default category.

3.8.8: If a work is eligible in more than one category, and if the work receives sufficient nominations to appear in more than one category, the Worldcon Committee shall determine in which category the work shall appear, based on the category in which it receives the most nominations.

3.8.9: If a work receives a nomination in its default category, and if the Committee relocates the work under its authority under subsection 3.2.8 or 3.2.10, the Committee shall count the nomination even if the member already has made five (5) nominations in the more-appropriate category.

Section 3.9: Finalist Selection Process

3.9.1: For each category, the finalist selection process shall be conducted as elimination rounds consisting of three phases:

1. Calculation Phase: First, the total number of nominations (the number of ballots on which each nominee appears) from all eligible ballots shall be tallied for each remaining nominee. Next, a single “point” shall be assigned to each nomination ballot. That point shall be divided equally among all remaining nominees on that ballot. Finally, all points from all nomination ballots shall be totaled for each nominee in that category. These two numbers, point total and number of nominations, shall be used in the Selection and Elimination Phases.

2. Selection Phase: The two nominees with the lowest point totals shall be selected for comparison in the Elimination Phase. (See 3.9.3 for ties.)

3. Elimination Phase: Nominees chosen in the Selection Phase shall be compared, and the nominee with the fewest number of nominations shall be eliminated and removed from all ballots for the Calculation Phase of all subsequent rounds. (See 3.9.3 for ties.)

3.9.2: The phases described in 3.9.1 are repeated in order for each category until the number of finalists specified in 3.8.1 remain. If elimination would reduce the number of finalists to fewer than the number specified in section 3.8.1, then instead no nominees will be eliminated during that round, and all remaining nominees shall appear on the final ballot, extending it if necessary.

3.9.3: Ties shall be handled as described below:

1. During the Selection Phase, if two or more nominees are tied for the lowest point total, all such nominees shall be selected for the Elimination Phase.

2. During the Selection Phase, if one nominee has the lowest point total and two or more nominees are tied for the second-lowest point total, then all such nominees shall be selected for the Elimination Phase.
(3) During the Elimination Phase, if two or more nominees are tied for the fewest number of nominations, the nominee with the lowest point total at that round shall be eliminated.

(4) During the Elimination Phase, if two or more nominees are tied for both fewest number of nominations and lowest point total, then all such nominees tied at that round shall be eliminated.

3.11.4: After the initial Award ballot is generated, if any finalist(s) are removed for any reason, they will be replaced by other works in reverse order of elimination.

Section 3.10: Notification and Acceptance.
3.10.1 Worldcon Committees shall use reasonable efforts to notify the finalists, or in the case of deceased or incapacitated persons, their heirs, assigns, or legal guardians, in each category prior to the release of such information. Each person notified shall be asked at that time to either accept or decline the nomination. If the person notified declines nomination, that finalist(s) shall not appear on the final ballot. The procedure for replacement of such finalist(s) is described in subsection 3.9.4.

3.10.2 In the Best Professional Artist category, the acceptance should include citations of at least three (3) works first published in the eligible year.

3.10.3 Each finalist in the categories of Best Fanzine and Best Semiprozine shall be required to provide information confirming that they meet the qualifications of their category.

Section 3.11: Voting.
3.11.1: Final Award voting shall be by balloting in advance of the Worldcon. Postal mail shall always be acceptable. Only WSFS members may vote. Final Award ballots shall include name, signature, address, and membership-number spaces to be filled in by the voter; however, if the voter does not have their membership number, it may be supplied by the Hugo Administrator or their designated staff member.

3.11.2: Final Award ballots shall list only the Hugo Awards, the John W. Campbell Award for Best New Writer, and the Lodestar Award for Best Young Adult Book.

3.11.3: “No Award” shall be listed in each category of Hugo Award on the final ballot.

3.11.4: The Committee shall, on or with the final ballot, designate, for each finalist in the printed fiction categories, one or more books, anthologies, or magazines in which the finalist appeared (including the book publisher or magazine issue date(s)).

3.11.5: Voters shall indicate the order of their preference for the finalists in each category.

Section 3.12: Tallying of Votes.
3.12.1: In each category, tallying shall be as described in Section 6.4. “No Award” shall be treated as a finalist. If all remaining finalists are tied, no tie-breaking shall be done and the finalists excluding “No Award” shall be declared joint winners.
3.12.2: “No Award” shall be given whenever the total number of valid ballots cast for a specific category (excluding those cast for “No Award” in first place) is less than twenty-five percent (25%) of the total number of final Award ballots received.

3.12.3: “No Award” shall be the run-off candidate for the purposes of Section 6.5.

3.12.4: The complete numerical vote totals, including all preliminary tallies for first, second, . . . places, shall be made public by the Worldcon Committee within ninety (90) days after the Worldcon. During the same period, the results of the last ten rounds of the finalist selection process for each category (or all the rounds if there are fewer than ten) shall also be published.

Section 3.13: Exclusions. No member of the current Worldcon Committee or any publications closely connected with a member of the Committee shall be eligible for an Award. However, should the Committee delegate all authority under this Article to a Subcommittee whose decisions are irrevocable by the Worldcon Committee, then this exclusion shall apply to members of the Subcommittee only.

Section 3.14.1: A Worldcon held in a year that is an exact multiple of 25 years after a year in which no Hugo Awards were awarded may conduct nominations and elections for retrospective year Hugo Awards for that year with procedures as for the current Hugo Awards, provided that year was 1939 or later and that no previous Worldcon has awarded retrospective year Hugo Awards for that year.

3.14.2: In any listing of Hugo Award winners published by a Worldcon committee or WSFS, retrospective Hugo Awards shall be distinguished and annotated with the year in which such retrospective Hugo Awards were voted.

Article 4 – Future Worldcon Selection

Section 4.1: Voting.
4.1.1: WSFS shall choose the location and Committee of the Worldcon to be held two (2) years from the date of the current Worldcon.
4.1.2: Voting shall be by written ballot cast either by mail or at the current Worldcon with tallying as described in Section 6.4.
4.1.3: The current Worldcon Committee shall administer the voting, collect the advance membership fees, and turn over those funds to the winning Committee before the end of the current Worldcon.
4.1.4: The site-selection voting totals shall be announced at the Business Meeting and published in the first or second Progress Report of the winning Committee, with the by-mail and atconvention votes distinguished.

Section 4.2: Voter Eligibility.
4.2.1: Voting shall be limited to WSFS members who have purchased at least a supporting membership in the Worldcon whose site is being selected.
4.2.2: The supporting membership rate shall be set by unanimous agreement of the current Worldcon Committee and all bidding committees who have filed before the ballot deadline. If agreement is not reached, the default fee shall be the median (middle value) of the US dollar fees used in the previous three (3) Worldcon site selections.
Section 4.3: Non-Natural Persons. Corporations, associations, and other non-human or artificial entities may cast ballots, but only for "No Preference". "Guest of" memberships may only cast "No Preference" ballots. Memberships transferred to individual natural persons may cast preferential ballots, provided that the transfer is accepted by the administering convention.

Section 4.4: Ballots.
4.4.1: Site-selection ballots shall include name, signature, address, and membership-number spaces. The ballot should be filled in by the voter; however, if the voter does not have their membership number, it may be supplied by the Site Selection Administrator or their designated staff member. Each site-selection ballot shall list the options "None of the Above" and "No Preference" and provide for write-in votes, after the bidders and with equal prominence. The supporting membership rate shall be listed on all site-selection ballots.
4.4.2: Worldcons may, with the agreement of all active bids, choose to offer any electronic signature means legal in the seated Worldcon’s home jurisdiction.
4.4.3: Worldcons must offer the option to receive a paper site selection ballot regardless of that member’s selection for other publications. Should they choose to include other material (such as an addressed envelope and stamp or International Reply Coupon), they may charge a reasonable fee for such materials.

Section 4.5: Tallying.
4.5.1: The name and address information shall be separated from the ballots and the ballots counted only at the Worldcon. Each bidding committee should provide at least two (2) tellers. Each bidding committee may make a record of the name and address of every voter.
4.5.2: A ballot voted with first or only choice for "No Preference" shall be ignored for site selection. A ballot voted with lower than first choice for "No Preference" shall be ignored if all higher choices on the ballot have been eliminated in preferential tallying.
4.5.3: "None of the Above" shall be treated as a bid for tallying, and shall be the run-off candidate for the purposes of Section 6.5.
4.5.4: All ballots shall be initially tallied by their first preferences, even if cast for a bid that the administering Committee has ruled ineligible. If no eligible bid achieves a majority on the first round of tallying, then on the second round all ballots for ineligible bids shall be redistributed to their first eligible choices, and tallying shall proceed according to Section 6.4.
4.5.5: If "None of the Above" wins, or if two or more bids are tied for first place at the end of tallying, the duty of site selection shall devolve on the Business Meeting of the current Worldcon. If the Business Meeting is unable to decide by the end of the Worldcon, the Committee for the following Worldcon shall make the selection without undue delay.
4.5.6: Where a site and Committee are chosen by a Business Meeting or Worldcon Committee following a win by "None of the Above," they are not restricted by exclusion zone or other qualifications.
4.5.7: Where a site and Committee are chosen by a Business Meeting or Worldcon Committee following a tie in tallying, they must select one of the tied bids.
Section 4.6: Bid Eligibility.

4.6.1: To be eligible for site selection, a bidding committee must file the following documents with the Committee that will administer the voting:

1. an announcement of intent to bid;
2. adequate evidence of an agreement with its proposed site’s facilities, such as a conditional contract or a letter of agreement;
3. the rules under which the Worldcon Committee will operate, including a specification of the term of office of their chief executive officer or officers and the conditions and procedures for the selection and replacement of such officer or officers.

4.6.2: The bidding committee must supply written copies of these documents to any member of WSFS on request.

4.6.3: For a bid to be allowed on the printed ballot, the bidding committee must file the documents specified above no later than 180 days prior to the official opening of the administering convention.

4.6.4: To be eligible as a write-in, the bidding committee must file the documents specified above by the close of the voting.

4.6.5: If no bids meet these qualifications, the selection shall proceed as though “None of the Above” had won.

Section 4.7: Site Eligibility. A site shall be ineligible if it is within five hundred (500) miles or eight hundred (800) kilometers of the site at which selection occurs.

Section 4.8: NASFiC. If the selected Worldcon site is not in North America, there shall be a NASFiC in North America that year. Selection of the NASFiC shall be by the identical procedure to the Worldcon selection except as provided below or elsewhere in this Constitution:

4.8.1: Voting shall be by written ballot administered by the following year’s Worldcon, if there is no NASFiC in that year, or by the following year’s NASFiC, if there is one, with ballots cast at the administering convention or by mail, and with only members of the administering convention allowed to vote.

4.8.2: NASFiC Committees shall make all reasonable efforts to avoid conflicts with Worldcon dates.

4.8.3: The proposed NASFiC supporting membership rate can be set by unanimous agreement of the administering Committee and all bidding committees who have filed before the ballot deadline. If agreement is not reached, the default fee shall be the median (middle value) of the US dollar fees used in the previous three (3) Worldcon site selections.

4.8.4: If “None of the Above” wins, or if no eligible bid files by the deadline, then no NASFiC shall be held and any supporting membership payments collected for the NASFiC site selection shall be refunded by the administering convention without undue delay.

4.8.5: In the case the administering convention is a NASFiC, it shall hold a Business Meeting to receive the results of the site selection voting and to handle any other business pertaining directly, and only, to the selection of the future NASFiC convention. This meeting shall have no other powers or duties.

4.8.6: For the purposes of this Constitution, North America is defined as: Canada, the United States of America (including Hawaii, Alaska, and the District of Columbia), Mexico, Central America, the islands of the Caribbean, St. Pierre et Miquelon, Bermuda, and the Bahamas.
Article 5 – Powers of the Business Meeting

Section 5.1: WSFS Business Meetings.
5.1.1: Business Meetings of WSFS shall be held at advertised times at each Worldcon.
5.1.2: The current Worldcon Committee shall provide the Presiding Officer and Staff for each Meeting.
5.1.3: Standing Rules for the Governance of the Business Meeting and related activities may be adopted or amended by a majority vote at any Business Meeting. Amendments to Standing Rules shall take effect at the close of the Worldcon where they are adopted; this rule may be suspended by a two-thirds (2/3) vote.
5.1.4: Meetings shall be conducted in accordance with the provisions of (in descending order of precedence) the WSFS Constitution; the Standing Rules; such other rules as may be published in advance by the current Committee (which rules may be suspended by the Business Meeting by the same procedure as a Standing Rule); the customs and usages of WSFS (including the resolutions and rulings of continuing effect); and the current edition of Robert’s Rules of Order, Newly Revised.
5.1.5: The quorum for the Business Meeting shall be twelve members of the Society physically present.
5.1.6: Deadline for Submission of New Business. The deadline for submission of non-privileged new business and committee reports to the Business Meeting shall be thirty (30) days before the first Preliminary Meeting. Proposed agenda items may be withdrawn by the consent of all proposing members at any time up to fourteen (14) days before the published deadline for submitting new business. A list of such withdrawn business must be made available to the membership. The Presiding Officer may accept otherwise qualified motions and reports submitted after the deadline, but all such motions shall initially be placed at the end of the agenda. This rule may be suspended by a two-thirds (2/3) vote.

Section 5.2: Continuation of Committees. Except as otherwise provided in this Constitution, any committee or other position created by a Business Meeting shall lapse at the end of the next following Business Meeting that does not vote to continue it.

Section 5.3: Constitutional Pass-along. Within sixty (60) days after the end of each Worldcon, the Business Meeting staff shall send a copy of all changes to the Constitution and Standing Rules, and all items awaiting ratification, to the next Worldcon Committee.

Article 6 – Constitution

Section 6.1: Conduct. The conduct of the affairs of WSFS shall be determined by this Constitution together with all ratified amendments hereto and such Standing Rules as the Business Meeting shall adopt for its own governance.

Section 6.2: Natural Persons. In all matters arising under this Constitution, only natural persons may introduce business, nominate, or vote, except as specifically provided otherwise in this Constitution. No person may cast more than one vote on any issue or more than one ballot in any election. This shall not be interpreted to prohibit delivery of ballots cast by other eligible voters.
Section 6.3: Electronic Voting. Nothing in this Constitution shall be interpreted to prohibit conducting Hugo Awards nominating and voting and Site Selection voting by electronic means, except that conducting Site Selection by electronic means shall require the unanimous agreement of the current Worldcon committee and all bidding committees who have filed before the ballot deadline. Valid paper ballots delivered by any means shall always be acceptable. This section shall not be interpreted to require that such elections be conducted electronically, nor shall it be interpreted to allow remote participation or proxy voting at the Business Meeting.

Section 6.4: Tallying of Votes. Votes shall first be tallied by the voter’s first choices. If no majority is then obtained, the candidate who places last in the initial tallying shall be eliminated and the ballots listing it as first choice shall be redistributed on the basis of those ballots’ second choices. This process shall be repeated until a majority-vote winner is obtained. If two or more candidates are tied for elimination during this process, the candidate that received fewer first-place votes shall be eliminated. If they are still tied, all the tied candidates shall be eliminated together.

Section 6.5: Run-off. After a tentative winner is determined, then unless the run-off candidate shall be the sole winner, the following additional test shall be made. If the number of ballots preferring the run-off candidate to the tentative winner is greater than the number of ballots preferring the tentative winner to the run-off candidate, then the run-off candidate shall be declared the winner of the election.

Section 6.6: Amendment. The WSFS Constitution may be amended by a motion passed by a simple majority at any Business Meeting but only to the extent that such motion is ratified by a simple majority at the Business Meeting of the subsequent Worldcon.

Section 6.7: Commencement. Any change to the Constitution of WSFS shall take effect at the end of the Worldcon at which such change is ratified, except that no change imposing additional costs or financial obligations upon Worldcon Committees shall be binding upon any Committee already selected at the time when it takes effect.

WSFS – Standing Rules
Standing Rules for the Governance of the World Science Fiction Society Business Meeting

Group 1: Meetings

Rule 1.1: Meeting and Session. The Annual Meeting of the World Science Fiction Society shall consist of one or more Preliminary Business Meetings and one or more Main Business Meetings. The first meeting shall be designated as a Preliminary Business Meeting. All meetings at a Worldcon (preliminary, main, or otherwise) shall be considered a single “session” as defined in the Parliamentary Authority (see Section 5.1 of the WSFS Constitution), regardless of whether such gatherings are called “meetings” or “sessions.”

Rule 1.2: Preliminary Business Meeting(s). The Preliminary Business Meeting may not directly reject, pass, or ratify amendments to the Constitution; however, all motions adhering to a Constitutional amendment are in order if otherwise allowed. The Preliminary Business Meeting may not refer a Constitutional amendment to a committee unless the committee’s instructions are to report to the Main Business Meeting. The Preliminary Business Meeting may not postpone consideration of a Constitutional amendment pending ratification beyond the last Preliminary Business Meeting. The Preliminary Business Meeting may not amend a Constitutional amendment pending ratification. The Preliminary Business Meeting may consider any business not expressly forbidden to it by the Standing Rules or expressly reserved to the Main Business Meeting.

Rule 1.3: Main Business Meeting(s). The Main Business Meeting may reject, pass, or ratify amendments to the Constitution. One Main Meeting shall be also be designated as the Site-Selection Meeting, where Site-Selection business shall be the special order of business.

Rule 1.4: Scheduling of Meetings. The first Main Meeting shall be scheduled no less than eighteen (18) hours after the conclusion of the last Preliminary Meeting. No meeting shall be scheduled to begin before 10:00 or after 13:00 local time.

Rule 1.5: Smoking. Regardless of whether smoking is allowed in the place where the Business Meeting is held, the Business Meeting shall be a nonsmoking environment. The Presiding Officer shall notify participants of the nearest smoking area(s) outside of the location of the Business Meeting at the beginning of each meeting.

Rule 1.6: Recording of Sessions. The Presiding Officer may arrange for the recording of meetings in any medium and for the distribution of such recordings. Individual members may also record meetings at their own discretion, subject to the will of the assembly as authorized by rule 5.10.
Group 2: New Business

Rule 2.1: Deadline for Submission of New Business. The deadline for submission of non-privileged new business to the Business Meeting shall be thirty (30) days before the first Preliminary Meeting. Proposed agenda items may be withdrawn by the consent of all proposing members at any time up to two weeks before the published deadline for submitting new business. A list of such withdrawn business must be made available to the membership. The Presiding Officer may accept otherwise qualified motions submitted after the deadline, but all such motions shall be placed at the end of the agenda.

Rule 2.1: No Award. In the event that the total number of valid ballots cast for a specific category (excluding those cast for No Award in First Place) is fewer than ten per cent (10%) of the total number of final Award ballots received in a non-Retrospective Hugo Award vote in two years out of three successive years, an amendment effecting the removal of that category from the list of enumerated Hugo Award categories shall be automatically placed on the agenda for the next Worldcon’s Business Meeting.

Rule 2.2: Requirements for Submission of New Business. Two hundred (200) identical, legible copies of all proposals for non-privileged new business shall be submitted to the Presiding Officer before the deadline in Rule 2.1 Section 5.1.6 of the WSFS Constitution, unless such proposals are distributed to the attendees at the Worldcon by the Worldcon Committee. All proposals must be legibly signed by a maker and at least one seconder.

Rule 2.3: Interpretation of Motions. The Presiding Officer shall reject as out of order any proposal or motion that is obviously illegal or hopelessly incoherent. In the absence of the maker of a motion or instructions to the contrary, the Presiding Officer shall be free to interpret the meaning of any motion.

Rule 2.4: Short Title. Any item of new business considered by the Business Meeting shall contain a short title.
Group 3: Debate Time Limits

Rule 3.1: Main Motions. The Presiding Officer shall designate the default debate time for main motions. If an objection is raised to this default time, the Business Meeting shall vote on it without debate. If that designated time is defeated, the Business Meeting shall, by majority vote, set the initial debate time limit for any motion to any positive even number of minutes up to 30.

Rule 3.2: Allotment of Time. If a question is divided, the time limits applicable to the question before it was divided shall apply to each portion of the divided question. Debate time shall be allotted equally to each side of a question. Time spent on points of order or other neutral matters arising from a motion shall be divided equally and charged to each side.

Rule 3.3: Amendments. Debate on all amendments to main motions shall be limited to five (5) minutes, allotted equally to each side. Time spent on debate of an amendment shall be charged against the time for the main motion.

Rule 3.4: Motions Allowed After Expiration. Motions that adhere to the main motion shall not be out of order because of the expiration of debate time, but shall be undebatable.

Rule 3.5: Minimum Substantive Debate. If the debate time expires before either or both sides of the question have had an opportunity for substantive debate, any side that has not had such an opportunity shall have two (2) minutes to be used solely for the purpose of substantive debate.

Group 4: Official Papers

Rule 4.1: Indicating Revisions. The Business Meeting staff shall clearly indicate all changes (including deletions) from the previous year’s version when they provide the Constitution and Standing Rules for publication prior to the following Worldcon. However, the failure to indicate such changes shall not affect the validity of the documents.

Rule 4.2: Corrections. Any correction of fact to the Minutes or to the Constitution or Standing Rules as published should be brought to the attention of the Secretary of the Business Meeting in question and of the next available Business Meeting as soon as they are discovered.

Rule 4.3: Numbers, Titles, References, and Technical Corrections. Numbers and titles of the various parts of the Constitution and Standing Rules are for the sake of easy reference only. They do not form a substantive part of these documents nor of any motion to amend these documents. The Business Meeting Secretary shall incorporate into these documents appropriate changes as required by newly adopted amendments. When making any such adjustments required by this section, the Business Meeting Secretary shall change article and section numbers, titles, and internal cross-references as necessary to maintain a consistent, parallel structure, which shall not be altered unless the Business Meeting explicitly so directs. The Business Meeting Secretary may change punctuation, capitalization, grammar, and other wording in the Constitution and Standing Rules only insofar as such changes clarify meaning and enhance consistency, and only insofar as such changes do not modify the substantive meaning of the documents.
Rule 4.4: Submission Deadlines: Reports. All WSFS Committee Reports and all Worldcon Annual Financial Reports (see Constitution Section 2.9.1) shall be submitted to the Business Meeting by no later than the deadline established for new business set in Rule 2.1.

Rule 4.45: Availability of BM Materials. All WSFS Committee Reports, Worldcon Annual Financial Reports, and New Business submitted to the Business Meeting before the deadline established in Rule 2.1 Section 5.1.6 of the WSFS Constitution shall be made generally available to WSFS members (e.g. via publication on the host Worldcon’s web site) by no later than seven (7) days after the deadline for new business set in Rule 2.1.

Group 5: Variations of Rules

Rule 5.1: Nonstandard Parliamentary Authority. If a Worldcon Committee adopts for the governance of the Business Meeting a parliamentary authority other than that specified in the Constitution, the Committee must in timely fashion publish information about how to obtain copies of the authority in question.

Rule 5.2: Constitutional and Standing Rule Amendments. Motions to Amend the Constitution, to Ratify a Constitutional Amendment, and to Amend the Standing Rules shall be considered ordinary main motions, except as otherwise provided in the Standing Rules or Constitution. An object to consideration shall not be in order against ratification of a constitutional amendment.

Rule 5.3: Postpone Indefinitely. The motion to Postpone Indefinitely shall not be allowed at the Main Business Meeting, but shall be allowed at the Preliminary Business Meeting. This motion shall have four (4) minutes of debate time and shall require a two-thirds (2/3) vote for adoption.

Rule 5.4: Amend; Ratification Amendments. Motions to amend a constitutional amendment awaiting ratification must be submitted in advance by the deadline in Rule 2.1 Section 5.1.6 of the WSFS Constitution. This rule can be suspended by a two-thirds (2/3) vote.
Rule 5.5: Amend; Secondary Amendments. Secondary amendments (amendments to amendments) are not allowed except when the primary amendment is to substitute.

Rule 5.6: Previous Question. A person speaking to a motion may not immediately offer a motion to close debate. The motion for the Previous Question (also known as the motion “close debate,” “call the question,” and “vote now”) shall not be in order when there is less than one minute of debate time remaining, nor when either or both sides of the debate have yet to speak to a question. Before voting on the motion for the Previous Question, the Presiding Officer shall, without debate, ask for a show of hands of those persons who still wish to speak to the matter under consideration.

Rule 5.7: Lay on the Table. The motion to Lay on the Table shall require a two-thirds (2/3) vote for adoption.

Rule 5.8: Adjournment. The incidental main motion to adjourn sine die shall not be in order until all Special and General Orders have been discharged.

Rule 5.9: Suspension of Rules. Rules protecting the rights of absentees, including this rule, may not be suspended.

Rule 5.10: Start/Stop Recording. If the meeting is being recorded, a motion to Stop Recording or to Start Recording is a privileged motion and shall be handled in the same way as a motion to Enter or Leave Executive Session.

Rule 5.11: Objection to Consideration. An Objection to Consideration shall require a three-fourths (3/4) vote to kill a motion without debate.

Rule 5.12: Committee of the Whole. The Committee of the Whole shall have the right by a two-thirds vote to amend its duration without seeking permission from the Business Meeting by way of a motion to extend debate.

Group 6: Mark Protection Committee Elections

Rule 6.1: Nominations. Nominations for election to the Mark Protection Committee shall be allowed from the floor at each Preliminary Business Meeting. To be listed on the ballot, each nominee must submit to the Secretary of the Business Meeting the nominee’s consent to nomination. The deadline for submitting such consent to nomination shall be set by the Secretary.

Rule 6.2: Elections. Elections to the Mark Protection Committee shall be a special order of business at a designated Main Business Meeting. Voting shall be by written preferential ballot with write-in votes allowed. Votes for write-in candidates who do not submit written consent to nomination to the Presiding Officer before the close of balloting shall be ignored. The ballot shall list each nominee’s name. The first seat filled shall be by normal preferential ballot procedures as defined in
Section 6.4 of the WSFS Constitution. There shall be no run-off candidate. After a seat is filled, votes for the elected member shall be eliminated before conducting the next ballot. This procedure shall continue until all seats are filled. In the event of a first-place tie for any seat, the tie shall be broken unless all tied candidates can be elected simultaneously. Should there be any partial-term vacancies on the committee, the partial-term seat(s) shall be filled after the full-term seats have been filled.

**Group 7: Miscellaneous**

**Rule 7.1:** Question Time. During the Site-Selection Meeting, fifteen (15) minutes of program time shall be allocated to each future seated Worldcon committee. During the first five (5) minutes, each committee may make such presentations as they wish. The remaining time shall be allocated for questions to be asked about that committee’s Worldcon. Questions may be submitted in writing at any previous meeting. Questions submitted in writing shall have priority over other questions if the person who submitted the question is present and still wishes to ask the question. No person may ask a second question as long as any person wishes to ask a first question. Questions are limited to fifteen (15) seconds and responses to two (2) minutes. If time permits at the Site-Selection Meeting, committees bidding for the right to host any Worldcon whose selection will take place in the next calendar year shall be allocated five (5) minutes of program time to make such presentations as they wish. The time limits in this rule may be modified by majority vote.

**Rule 7.2: Dilatory Actions; Misuse of Inquiries.** The sole purpose of a “point of information” or “parliamentary inquiry” is to ask the Presiding Officer for an opinion of the effect of a motion or for guidance as to the correct procedure to follow. The Presiding Officer shall treat as dilatory any attempts to circumvent the rules of debate under the guise of points of information, parliamentary inquiries, or other queries and requests.

**Rule 7.3: Counted Vote.** The Presiding Officer shall take a counted vote upon the request of ten percent (10%) of those members attending the meeting.

**Rule 7.4: Carrying Business Forward.** Motions other than Constitutional amendments awaiting ratification may be carried forward from one year to the next only by being postponed definitely or by being referred to a committee.

**Rule 7.5: Continuing Resolutions.** Resolutions of continuing effect (“continuing resolutions”) may be repealed or amended by majority vote of subsequent Business Meetings without notice, and shall be automatically repealed or amended by applicable amendments to the Constitution or Standing Rules or by conflicting resolutions passed by subsequent Business Meetings.

**Rule 7.6: Committees.** All committees are authorized to organize themselves in any lawful manner and to adopt rules for the conduct of their business, which may include conducting balloting by mail and limiting debate, subject to any contrary provisions of the Constitution, the Standing Rules, or instructions given to the committee by the Business Meeting.
Rule 7.7: Nitpicking and Flyspecking Committee. The Business Meeting shall appoint a Nitpicking and Flyspecking Committee. The Committee shall: (1) Maintain the list of Rulings and Resolutions of Continuing Effect (2) Codify the Customs and Usages of WSFS and of the Business Meeting.

Rule 7.8: Worldcon Runners Guide Editorial Committee. The Business Meeting shall appoint a Worldcon Runners Guide Editorial Committee. The Committee shall maintain the Worldcon Runners Guide, which shall contain a compilation of the best practices in use among those who run Worldcons. 2022 WSFS Business Meeting

World Science Fiction Society
Business Passed on to Chengdu

This year, there are no constitutional amendments requiring re-ratification due to a sunset clause.
The main task at the Preliminary Business Meeting is to set debate time limits for the consideration of these constitutional amendments at later sessions.

Short Title: The Zero Per Cent Solution [6 min]

Moved, to strike the following from the WSFS Constitution
3.12.2: “No Award” shall be given whenever the total number of valid ballots cast for a specific category (excluding those cast for “No Award” in first place) is less than twenty-five per cent (25%) of the total number of final Award ballots received.
Forwarded to this Business Meeting for ratification by the 2022 meeting.
See the 2022 WSFS Business Meeting Minutes for the makers’ commentary and discussion

Short Title: Best Game or Interactive Work [6 min]

Moved, to amend the WSFS Constitution for the purpose of creating a new Hugo Award category for Best Game or Interactive Work by inserting new subsections after existing Sections 3.2.4 and 3.3.9, and revising Sections 3.2.6, 3.3.7, 3.3.8, and 3.3.9 as follows:
3.2.X. An interactive work is (1) a game, or (2) a narrative or presentation in which active input or interactive play is an integral component of the work itself or where it impacts the outcome, narrative, or order of elements of the work itself in a non-trivial fashion, and (3) is not ephemeral, in the sense that the interactive elements of the work are accessible to participants through published or shareable artifacts, and the work is not an event requiring the participation of specific named persons.

3.2.6: The categories of Best Novel, Novella, Novelette, and Short Story shall be open to non-interactive works in which the text is the primary form of communication, regardless of the publication medium, including but not limited to physical print, audiobook, and ebook.

3.3.7: Best Graphic Story. Any non-interactive science fiction or fantasy story told in graphic form appearing for the first time in the previous calendar year.

3.3.8: Best Dramatic Presentation, Long Form. Any non-interactive theatrical feature or other production, with a complete running time of more than 90 minutes, in any medium of dramatized science fiction, fantasy or related subjects that has been publicly presented for the first time in its present dramatic form during the previous calendar year.

3.3.9: Best Dramatic Presentation, Short Form. Any non-interactive television program or other production, with a complete running time of 90 minutes or less, in any medium of dramatized science fiction, fantasy or related subjects that has been publicly presented for the first time in its present dramatic form during the previous calendar year.

3.3.Y: Best Game or Interactive Work. Any interactive work or interactive substantial modification of a work in the fields of science fiction, fantasy, or related subjects, released to the public in the previous year and available for public participation in the interactive elements of the work in that year. Provided that unless this amendment is re-ratified by the 2028 Business Meeting, this Section shall be repealed; and Provided further that the question of re-ratification shall automatically be placed on the agenda of the 2028 Business Meeting.

Forwarded to this Business Meeting for ratification by the 2022 meeting. See the 2022 WSFS Business Meeting Minutes for the makers’ commentary and discussion.
**Code of Conduct**

**Preamble**

The 2023 Chengdu Worldcon (which we will refer to as “the convention”) focuses on values-creative, open, inclusive and welcoming. They remind us of what the Chengdu Worldcon operates for. Our Code of Conduct guides us to put our values and commitments into practice. It helps us navigate through areas and situations where responsible conduct is critically important. All behaviors must strictly comply with the relevant local laws and regulations and respect the cultural traditions and customs of the country where the host city is located.

**Who does our Code of Conduct apply to?**

Our Code of Conduct is binding for all attendees, both in-person and virtual, of the convention, including members, guests, staff and volunteers. All are obligated to live up to the expectations and commitments set forth in it. The convention is committed to providing a friendly and welcoming environment for all regardless of background, fandom, ethnicity, religion (or lack thereof), or any other differentiation.

**How to behave in a multi-cultural environment?**

The convention is a multi-cultural event with people coming from all over the world. Cross-cultural misunderstanding can and does occur. Consider whether your joke or interaction could be misconstrued by someone who does not share your cultural context.

**What if something is not covered in our Code?**

Our Code of Conduct cannot cover in detail the wide variety of situations we may encounter. The convention expects that every individual or group involved in the event understand policies and procedures even when our Code of Conduct provides no direct guidance. Those involved in any incident are expected to show friendliness, integrity and common sense. When in doubt or feel unsure, feel free to speak up. It is always easier to ask first rather than inadvertently harming, offending, or hurting someone.

**Fandom Citizenship**

The convention believes that a vigorous debate over ideas, as a method of seeking truth, is permitted within this Code of Conduct. However, using debate as a method of harassment is a violation, and will be treated as such. Attacking other persons at the convention, or within the SF community, is a violation of the Code of Conduct; ideas may be attacked, but not people. Recognize the relationships between words and actions and their effect on our community and the order of the convention. Sharing spaces requires active demonstrations of respectful conduct, such as:
1. Participating authentically and actively which contributes to the health and longevity of this community.

2. Exercise consideration when talking, taking care not to talk over others and using a moderate vocal volume. This can be especially important in an online situation.

3. Be mindful of other nearby attendees. Make sure you leave other people a clear path to an exit and limit the expansiveness of gestures.

4. Ask verbally or with a friendly gesture before initiating physical contact, and avoid proceeding without a positive verbal or physical response.

5. Maintain consent by observing non-verbal and verbal clues that the other party may wish to end the interaction. If you aren’t sure, ask.

6. Attempt collaboration before conflict, and try to resolve disagreements constructively. Being unable to understand someone’s viewpoint doesn’t mean that they’re wrong.

Please inform the convention if you notice a dangerous situation, someone in distress, or violations of this Code of Conduct, even if they seem inconsequential. Also, please inform us if you notice someone who is making an extra effort to ensure our community is welcoming and friendly to all. We want to know.

Sci-fi culture is a world language. We are committed to making Chengdu Worldcon accessible to fans and professionals from all backgrounds. So positive action is essential to counteract the inequalities that exist in today’s society. The following acts will be considered in violation of this Code of Conduct, including:

Discrimination

The 2023 Chengdu Worldcon is dedicated to working towards a non-discrimination, oppression-free event. Discrimination is often expressed through prejudice, bias, the expression of privilege, aggression, and micro-aggression.

Discrimination (based on but not limited to, gender, race, ethnicity, religion, age, physical appearance, body size, or physical/mental disability) will not be tolerated. Racism and politicization are where discrimination prevails.

Any acts of aggression, contempt, indifference or offensive words and abusive behavior are unacceptable, such as judging people of color as less knowledgeable about fannish topics, or provoking unrelated political topics to attack people of different beliefs.

Other unacceptable behavior

Assault and harassment are both grounds for removal. Assault is any unwanted or threatening physical contact, and harassment is any unwanted or threatening presence or verbal or written expression as well as words or actions in the surrounding environment that others do not want to see or hear.

Harassment can include offensive comments related to appearance or personal identifiers, deliberate intimidation, following, sustained disruption of talks or other events, inappropriate physical contact, and unwelcome sexual attention. Behavior that will be considered harassment includes, but is not limited to:
NOTES FOR PARTICIPANTS

CODE OF CONDUCT

If you feel that you are being discriminated against or harassed, or if you see someone else behaving inappropriately, please let us know.

Before the convention: You can report harassment or other Code of Conduct violations by email to: codeofconduct@chengduworldcon.com. This address will be continuously monitored by our Incident Response Team both prior to, and for the duration of the 2023 Chengdu Worldcon. The Incident Response Team is comprised of personnel appointed by the Chair that are trained in investigating and responding to code of conduct reports.

At the convention: If someone is harassing you in any way, or if you are witnessing that harassment is taking place, please ask that person or persons to stop—as long as it is safe to do so and if you feel comfortable enough to make the request. Alternatively you could report the issue as soon as possible to one of our volunteers or by email to codeofconduct@chengduworldcon.com.

When providing a report, details such as name, badge name/number, and a physical description will be helpful but not required.

Once a report has been made, our team will respond to you as quickly as possible, and proceed at their discretion, based on the content, context and wishes expressed in your email. A violation of this Code of Conduct may result in the removal of a person’s right to attend, both physically and virtually. In the event of a removal, there may be no refund of the price of participating. Acts in violation of laws and regulations shall be dealt with by law enforcement departments.

Our team will keep private the identities of persons involved as much as possible, restricting identifying information to those parties with a need to know that information in order to perform their duties. We will provide escorts or otherwise assist members with actions that will help them feel safe for the duration of the convention after a report is made or even if a report is not filed.

Reporting Process

1. Verbal or physical assault
2. Intimidation, stalking, or following
3. Inappropriate physical contact
4. Deliberate misgendering/deadnaming of people or continued misgendering/deadnaming after being corrected
5. Comments that belittle or demean others
6. Non-consensual behavior towards another member, volunteer, or attendee
7. Disruption of events
8. Political or religious propaganda, racially biased, hate group iconography, or other offensive images in public spaces
9. Costumes/Cosplay that are historically or otherwise offensive, including bigoted iconography or symbolism
10. Disruptive acts such as unauthorized processions, demonstrations, sit-ins, etc.
11. Any acts or language that insults or provokes others
12. Any acts or language that do not respect the traditional culture and customs of the host region
13. Advocating for or encouraging any of the above behaviors.

We require attendees to follow the Code of Conduct in online interactions with the convention (including the volunteer mailings, wiki, and other online facilities), at all convention venues and convention-related social activities. Attendees who are asked to stop any harassing behavior must comply immediately.
NOTES FOR PARTICIPANTS

Badges

Wear your badge where it can be seen at all times in convention space. This convention is a membership-only event, and your badge is your access admissions to the corresponding convention areas and activities. Badges may not be shared under any circumstances; a badge is valid only for the person to whom it was issued.

Signs

Please post signs only in designated areas. Use removable painters tape only. Do not affix anything to the walls of the hotel, to the elevators, or to any item that is hotel property, or to convention signs. Any signs found unrelated to the convention or posted inappropriately will be removed and destroyed.

Summary

The convention reserves the right to amend these rules at any time without prior or posted notice and the right of interpretation. These rules and policies are not all-inclusive, and examples are included for illustrative purposes. Each infraction will be judged individually on its own merits.

The convention is prepared to deal with any issues related to this code in as rapid and efficient a manner as possible while maintaining a trauma-informed response approach.

History

About 4,500 to 3,700 years ago, a series of settlement centers of the ancient Shu people, which are called the “Baodun Culture”, emerged in the Chengdu Plain. These settlement centers were built with ramparts and places for sacrifice and assembly. According to the significant amount of historical relics unearthed at the Jinsha Site (dating back approximately 3,200 to 2,600 years), it can be inferred that the Chengdu area already became the central city of the ancient Shu Kingdom during the late Shang Dynasty and the early Western Zhou Dynasty. The discovery of the Shangyejie Warring States boat-coffin grave (dating back approximately 2,400 years) further proves that in the early Warring States period at the latest, a relatively standard city may have emerged in the downtown of today’s Chengdu, which was very likely to be the capital of the Kai Ming Dynasty, the last dynasty of ancient Shu as mentioned in historical documents.

In 311 B.C., Shu Governor Zhang Ruo built the Dacheng (big city) and Shaocheng (mini city) on the basis of the capital of ancient Shu, following the design of Xianyang, the capital of Qin Dynasty. This major event was generally deemed as the symbol of Chengdu’s founding as a city. After that, Shu Governor Li Bing built the Dujiangyan Irrigation System based on the previous flood controls in the Shu area for the purposes of flood control and irrigation, transforming the Chengdu Plain into a Land of Abundance that could prevent the floods and droughts and shield its people from famine, laying a material foundation for Chengdu’s growth into the economic, political and cultural center of the Southwestern China. Since the establishment of the Dacheng in the Qin Dynasty over 2,000 years ago, Chengdu has never relocated despite its rebuilding and expansion, nor has ever had its name changed. In this sense, Chengdu stands alone among numerous famous historical and cultural cities in China.

The city bears the memory just as its people do. For a long time, people living in Chengdu have left here not only the imprints of social activities, but also rich historical relics and cultural accumulation. Despite the dramatic changes Chengdu has experienced, the rich and splendid historical relics remain an important memory of the city, constantly polished by later generations. They not only throw light on how the land develop into what it is like today, but also make people sketch what the city will be like in the future.
Images of Chengdu

The Land of Abundance

Chengdu has more than 2,300 years of history as a city, and the longest history in China without relocation or name changing. It is located in the western part of the Sichuan Basin and on the eastern edge of the Qinghai-Tibet Plateau and is free of severe cold in winter and intense heat in summer due to its superior natural endowments. Thanks to the Dujiangyan Irrigation System, Chengdu is spared the suffering of famine, floods and droughts, enjoying the reputation as the "Land of Abundance" since ancient times.

A Link with the Globe

In June 2021, Chengdu Tianfu International Airport was put into operation, indicating that Chengdu has entered the era of dual airports and officially became the third city in the Chinese mainland with dual international hub airports. In 2022, the total passenger and freight throughput of these two airports reached 31.092 million persons and 611,000 tons, respectively.

In 2022, the number of international freight train trips hit 4,700, covering over 100 overseas cities.

A City of Openness

For over 2,000 years, Chengdu has never stopped its communication with the world although it has been in the hinterland of China.

Since January 1, 2019, Chengdu has officially implemented the 144-hour visa-free transit policy for foreigners from 53 countries. Under this policy, foreign travelers from these 53 countries can enter Chengdu from the port and enjoy a six-day stay in Chengdu without a visa if they hold valid international travel documents and connecting tickets with clear departure date and seat number for a third country or region within 144 hours. This is a further exploration of the 72-hour visa-free transit policy that has been implemented by Chengdu for some foreigners since 2013.

By the end of 2022, the number of foreign consulates in Chengdu has reached up to 23 in total, ranking first in the cities in Western China. In addition, by February 2023, Chengdu has 106 international sister cities and friendship cities.
Famous City of Culture

Chengdu has many world natural and cultural heritage sites such as Mount Qingcheng and the Dujiangyan Irrigation System, as well as many cultural treasures included in the national lists of intangible cultural heritage, such as Sichuan Opera and Shu Embroidery.

Chengdu topped the list of New Cultural and Creative Vitality Ranking of Chinese Cities for its outstanding performance in talent vitality, communication vitality and policy vitality.

City of Tourism

Chengdu receives over 200 million tourists a year and has more than 90 A-level scenic spots. Endowed with both natural scenery and cultural customs, it is rated as China’s Best Tourist City by UNWTO and listed among the 10 most popular Chinese tourist destinations favored by foreigners by TripAdvisor, the world’s top travel review website. Chengdu is also listed as one of the 17 preferred destinations in the world by CNN, selected as one of the 21 must-see places by National Geographic Traveler, and reputed as the No.1 B&B city in China by the tourism industry.

Capital of Gastronomy

UNESCO has awarded Chengdu the title of Capital of Gastronomy. With nearly 50,000 Sichuan cuisine and hot pot restaurants and more than 2,500 exotic cuisine restaurants, this city is worthy of this accolade.

There is an old Chinese saying that food is the paramount necessity of the people. You can find its best interpretation in Chengdu. Foodies in this city are not only fond of eating, but also skilled in eating. Whether local specialties or exotic flavors, roadside stalls or high-end restaurants, the only thing they care about is the taste.

Famous City of Sports Events

On July 14, 2019, Oleg Matytsin, President of the International University Sports Federation (FISU), handed over the FISU Flag to Chengdu in Naples, Italy. Since then, Chengdu has devoted itself to the FISU World University Games. During the preparation for the Chengdu 2021 FISU World University Games, Chengdu’s influence on international sports events has increased as its sports infrastructure and public services have been continuously improved. Chengdu is further unlocking opportunities for urban development and promoting higher-quality economic development by holding a series of major international sports events.

Following the Chengdu 2021 FISU Games, the 2024 Thomas & Uber Cup and the 2025 World Games will also be hosted in Chengdu. The future of Chengdu as a world-famous city of sports events is promising.
Renmin Park

Built in 1911, Renmin Park is one of the famous parks in Chengdu and the first park in Sichuan. Over the past century, generations of Chengdu people drank tea, chatted, and strolled here. It is the epitome of the old Chengdu lifestyle and a witness of the city development. The landscapes, tea house sand monuments in the park all have their own stories. Over all those years, Chengdu citizens of different backgrounds and ages developed connections with this Park. They were the first expositor of “Park City” and the first creator of stories about the city and the parks. Today, Renmin Park becomes a popular destination to explore Chengdu’s distinctive features.

All year round, it sees residents living around walk here. In this 130,000-square-metre park, people sing, dance, sit, drink tea, admire the beauty of flowers or just empty their minds, enjoying the pleasure in their own ways. Of course, it not only is an embodiment of the old Chengdu lifestyle but also has the features of the slow-paced life in Chengdu that attract tourists to experience.

Address: No.8, Xiaonan Street, Chengdu

Baihuatan Park

Located in the west of Chengdu, Baihuatan Park was originally the Chengdu Zoo and was later transformed into a comprehensive park. In 1982, inspired by a poem written by Du Fu, a famous poet in Tang Dynasty (712-770), it was renamed Chengdu Baihuatan Park. There are three Sichuan bonsai gardens in the park: West Garden, Orchid Garden and Flower Garden, all of which are classical Chinese courtyards, quiet and suitable for walking and sightseeing.

Address: No.5, Fanglin Road, Chengdu

Qinglong Lake Wetland Park

Qinglong Lake Wetland Park, an important part of Tianfu Greenway, is located between the 3rd Ring Road and Belt Expressway. Covering a total area of 7 million square meters, it is the “green lung of the city” and the largest wetland park in Chengdu. Even the sports rookie will not feel tired when running in this park. Joggers can not only enjoy the scenery but also experience the cool “technology” and “smart facilities”. For example, the around-lake track built in Qinglong Lake Phase II is empowered by the Internet of Things, big data, artificial intelligence and other technologies, so that joggers can know their sports data in real-time.

Address: Chengluo Avenue, Chengdu
Zhonghe Wetland Park

Zhonghe Wetland Park sits in the Zhonghe Wetland Section of Jincheng Greenway, with a total area of about 2 million square meters. It is composed of a lake section, a wetland section and a forest section. The water system and wetlands for flood discharge and basin management have been built as ecological landscapes as well. There is a 3km primary greenway and a 13.2km secondary greenway, which connect multiple sceneries in the park. With water areas crisscrossing and water systems interconnecting, joggers can enjoy the natural scenery and overlook the urban skyline.

Address: East of the intersection of the South Chengdu Belt Expressway and Jinjiang River

Jincheng Lake Park

As a part of the Tianfu Greenway, Jincheng Lake Park, located among high-rises, is like a land of idyllic beauty in the city. It has become a “paradise” for many joggers. And many jogging events were held here since its opening.

Address: No. 1666,Yizhou Avenue Middle Section, Chengdu

Beihu Ecological Park

Beihu Ecological Park covers a total area of about 800,000m2 and has a 15km greenway network connecting Panda Greenway in the south and Jincheng Greenway in the north. In other words, cyclists can ride all the way through the Beihu Ecological Park, from the 3rd Ring Road to the Belt Expressway. The “Love Chengdu, Embrace the Games” 2020 Chengdu World Bicycle Day & Tianfu Greenway Cycling Tour was held here, attracting more than 1,600 Chinese and overseas cyclists in Chengdu.

Address: Longqing Road, Chengdu
Longquan Mountain Urban Forest Park

Situated in the Chengdu Section of Longquan Mountains on the eastern edge of Chengdu Plains, Longquan Mountain Urban Forest Park stretches about 90km from north to south and over 10km from east to west. It spans six districts, county-level cities, and counties in Chengdu, covering an area of about 1,275km². It is the largest urban forest park in the world. With the huge area and numerous trails, this park is a great place for hiking. Hikers can not only have fun crossing the mountains but also appreciate the ancient and modern culture of Longquanyi District in many landmark scenic spots along the road.

Address: Chengdu Section of Longquan Mountains, Chengdu

Jinjiang Park

Riding on the Jinjiang Park Greenway in Guohua Street, Jinjiang District, cyclists are surrounded by green plants and colorful flowers and have a panoramic view of the Jinjiang River. The cycle track on the greenway is also for leisure and fitness. Small cycling events can be held on this 6m wide lane.

Address: Guohua Street, Chengdu
As one of the eight traditional Chinese cuisines, Sichuan cuisine uses a wide variety of ingredients and seasonings and is well known for the reputation that each dish has its own unique style and flavor. Today, Sichuan people still love highly seasoned food and also draws on strengths from other schools of cuisines, developing a variety of cooking styles and exquisite seasoning art, thus making Sichuan cuisine world-renowned for its rich and fresh flavors. Why is Sichuan cuisine appealing to diners? After trying the following classic dishes, maybe you will get the answer.

**Mapo Tofu**

According to the MICHELIN Guide, a world-famous dining guide, it is one of the Chinese dishes favored by the foreigners. All along, this classic Sichuan dish has been attracting gourmets worldwide with its spicy, delicious, piping-hot and tender taste.

**Twice-Cooked Pork Slices**

It is one of the representative Sichuan dishes and has been listed among the top ten classic Sichuan dishes by the Chinese Cuisine Association and be honored as the ‘top of Sichuan Cuisine’.

**Kung Pao Chicken**

It is a world-famous Sichuan dish. The tender, juicy diced chicken is stir-fried in boiling oil with chilies and peanuts and then mixed with the sweet and sour sauce. With the fire heating, the diced chicken smells more delicious.

**Fish-Flavored Shredded Pork**

The dish has balanced salty, sour, sweet and spicy flavors, with a strong smell of ginger, green onions and garlic, making it unforgettable. The fishless fish-flavor is a “magic trick” created by the seasonings of Sichuan cuisine.

**Boiled Beef in Chili Sauce**

It is a famous traditional Sichuan dish. When the dish is served, boiling oil is poured to bring out the scents of the seasonings. The senses of sight and smell are already satisfied before diners even taste it. Having a bite of the tender, juicy beef, diners will find their mouths filled with pungency and spiciness.

**Steamed Chinese Cabbage with Broth**

This vegetarian-like dish is one of the representative dishes to break foreigners’ stereotype about Sichuan cuisine as “the spicier, the better”. The broth is the essence of this dish, which is prepared by stewing chicken, ham, pork bone and other ingredients for over 10 hours and then filtering out all ingredients. After adding Chinese cabbages, the soup becomes clear, fresh and sweet but not greasy.

**Fatty Beef in Sour Soup**

Just its smell makes diners’ mouths water. Tender, delicious beef and needle mushrooms and other vegetables are soaked in the bright yellow soup made with red chili, yellow peppers, etc., making this dish highly appetizing.
A Tour of Hot Pot

Hot pot is one of Chengdu’s most famous cuisine. Chengdu hot pot takes root everywhere in China. When talking about hot pot overseas, many people can imagine the symbolic boiling and chili soup.

Great Flavors in Snacks

Besides Sichuan dishes, there are over 200 snacks in Chengdu, which are of a long history and another highlight of Chengdu. On the streets, vendors’ hawking and the smell of food attract “greedy” foodies. Usually, they sit in the shop or just stand on the roadside to enjoy the delicacies.
Development

Industries are the foundation and lifeblood of urban economic development. A park city needs high-end, efficient and sustainable industrial development. Therefore, green production and sci-tech innovation have become keywords for the park city economic development of Chengdu.

Supported by the national strategy of building the Chengdu-Chongqing economic circle, Chengdu prioritized its development into a park city demonstration zone, practicing the new development philosophy. With that as the overall objective, the city makes great efforts to complete such key tasks as enhancing strengths in three fields, building industrial ecosystems and reinforcing key industrial chains, improving the four major structures of space, industry, transportation and energy and building Smart Chengdu. Taking high-quality development as the primary task for modernization, Chengdu is committed to seizing opportunities brought by the shaping of the new development paradigm, upgrading green industrial systems, promoting integrated urban-rural development and driving the effective quality improvement and reasonable growth for the economy. It is actively creating an important growth pole and new driver to stimulate high-quality development across China.

It is the perfect time to invest and start a business in Chengdu.

Representative Industrial Parks

Chengdu Science City

With a planned area of 132km², it is strategically positioned as a technology innovation center and science hub with national influence, a source of innovation for the Western (Chengdu) Science City, the main base for the Chengdu-Chongqing comprehensive science center, and a carrier for national and Tianfu laboratories. Its functional layout is centered on “one core, two bases, one island, and three parks”.

It aims at major science and technology infrastructures such as the electromagnetic-driven fusion large-scale scientific facility and interdisciplinary research platforms and introduces CAS-affiliated and CNNC-affiliated national scientific research institutions. Focus has been placed on artificial intelligence, integrated circuit, 5G, information security, and other key fields relevant to the digital economy. Ecological projects such as Luxi Wetland, Wisdom Valley Greenway and Fengqi Wetland have been completed and put into use.
Tianfu Headquarters Business District

It is located in the south section of Tianfu Avenue, the central axis of Chengdu, with a planned area of 50.3km² and a core starting area of 8.48 km².

Upholding the park city concept, it initiated a new paradigm for the development of the upgraded central business district - the Central Business Park (CBP), which implements the integrated development of both the above-ground and the underground, leads the transformation of the business district’s development path and the urban value reconstruction, and creates a “future city” featuring harmonious coexistence of residents, city, environment and industries. It has already attracted China Merchants Group, Charoen Pokphand Group, New Hope Group and many other famous Chinese and overseas large enterprises to set their headquarters there. Since it was put into operation, nearly 200 important exhibitions and activities have been held in the Western China International Expo City, such as the Western China International Fair and the China Food and Drinks Fair.

Chengdu New Economic Vitality Zone

It is located in the Chengdu Hi-tech Zone, with a planned area of 73.5km². It aims to become a globally influential hub for new economic technologies and industrial clusters, with focuses on the development of three main industries: internet audio and video and digital culture and creation, 5G and artificial intelligence, big data and cybersecurity.

It prioritizes six key industrial communities, i.e., the Singapore-Sichuan Hi-Tech Innovation Park, Gazelle Valley Digital Cultural and Creative Industrial Community, Qilong Bay Industrial Community, the Business & Innovation Centre for China-Europe Cooperation (CCEC), Tianfu Software Park and AI International Hub. These communities house over 110,000 new economy enterprises, including Alibaba’s digital economy industry base, Baidu, Kuaishou Technology, NetEase, H3C, OPPO, TD Tech, China Mobile (Chengdu) Industrial Research Institute, and Thunder Soft.

Jiaozi Park Financial and Business District

With a planned area of 9.3km², it aims to build a national first-class innovative financial center and a world-class business district that leads the trends. With finance and fashion consumption as the leading industries, it provides important functional support for Chengdu to build itself into an international consumption center and a financial center in western China. It is committed to developing modern financial industries such as financial technology, wealth management, and e-CNY and fashion consumption industries such as cultural creativity, new Chinese products, and digital consumption. It accommodates TechFin Building, Jiaozi FinTech Dreamworks, Tianfu International Financial Center, Jiaozi FinTech Center Chengdu, Financial Field, and Jiaozi Park Business District.
Chengdu International Railway Port

It stands in Qingbaijiang District, Chengdu, covering a planned construction area of 31.7km². As an important intersection of the Silk Road Economic Belt and the Yangtze River Economic Belt, it supports Chengdu to build the International Land-Sea Trade Corridor. As the Asia-Chengdu-Europe Land-Sea Multimodal Transport Strategic Channel that serves Sichuan, the western China and even the whole country and connects Chengdu with other parts of the world, it facilitates the city to grow as an inland opening-up strategic hub. In April 2023, the China-Europe Railway Express departing from the Chengdu International Railway Port celebrated its 10th year of regular operation. Since the first launch, the number of international train trips departing from the Chengdu International Railway Port hit 22,000, reaching more than 100 overseas cities and 30 domestic cities.

Chengdu Qingyang Cultural Finance and Business District

It is located in Qingyang District, Chengdu, covering an area of 21.5km². It aims to achieve the harmonious co-existence of residents, city, environment and industries, with the overall positioning of “Tianfu cultural center, international financial hub, and high-end business gateway”. It strives to become the international CBD innovation and development zone, the central reception hall of the park city, the gateway for Chengdu’s external exchanges, and the high-end financial business function district for international, professional and innovative development.

Chengdu High-tech Aviation Economic Zone

It sits in the Chengdu Tianfu International Airport New Town, with the Chengdu Tianfu International Airport as the center, and covers a planned area of 138.9km², including about 49.5km² of construction land. Designed to serve as a national-level international aviation economic demonstration zone, it takes aviation consumption, aviation services, and aviation manufacturing as its leading industries. It focuses on aviation-relevant manufacturing, modern services, and new economic industries, with key emphasis on the development of aviation equipment, systems, parts, and materials. It also offers aviation training, aviation finance, aviation consulting, aviation maintenance, aviation logistics, business and trade, culture and sports and tourism and other services and promotes the development of big data, cloud computing, the Internet of Things, information terminals, and artificial intelligence hardware and software.
